The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
Washington, D.C. 20515

I am requesting community project funding for Burriss Road-Peters Road to Highway 84 Improvement Project in fiscal year 2027. The entity to receive funding for this project is the City of Casa Grande, located at 3181 N Lear Avenue, Casa Grande, AZ 85122.

The funding would be used for addressing San Carlos Irrigation Project (SCIP) improvements at the intersections of Burriss Road & Highway 84 and Burriss Road & Peters Road. It will also include the roadway reconstruction of the Peters Road and Burriss Road intersection. This project will set up for the future buildout of the industrial corridor truck route of Burriss Road. The Burriss Road corridor serves as an important north-south connection within the city's transportation network and provides critical access to State Route 84, Interstate 8, and regional employment centers. Casa Grande has emerged as a major center for advanced manufacturing and logistics, attracting large employers and industrial investment that generate jobs and regional economic opportunity.

The project is an appropriate use of taxpayer funds because it provides both immediate economic benefits and long-term transportation improvements that will serve the growing community for decades.

The project has a federal nexus because the funding provided is for purposes authorized by 23 USC 133(b)

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
