The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting community project funding for Marana Traffic Interchange Improvements in fiscal year 2027. The entity to receive funding for this project is the Town of Marana located at 11555 W. Civic Center Drive, Marana, AZ, 85653.

The funding would be used for additional capacity under Interstate 10 at the Marana Traffic Interchange (TI) by adding 2 additional lanes under the interstate while increasing the efficiency of the system by combining the on and off ramps with the frontage roads at each quadrant. Marana is experiencing high development pressure in this area and is working on several infrastructure improvements in the area. These improvements include sewer and water conveyance projects, the extension of Tangerine Farms Road to connect to the Marana Interchange and many park expansions. The project is an appropriate use of taxpayer funds because development in northern Marana is putting extraordinary pressure on the transportation system, in particular, the traffic interchanges with I-10.

The project has a federal nexus because the funding provided is for purposes authorized by title 23 USC 133, as amended by title III of division A of the Infrastructure Investment and Jobs Act.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Juan Ciscomani  
Member of Congress
