The Honorable Tom Cole
Chairwoman
House Committee on Appropriations
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

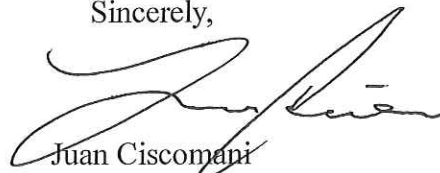

I am requesting community project funding for the Town of Marana; Source Water System Improvements at Marana Regional Airport project in fiscal year 2026. The entity to receive funding for this project is the Town of Marana located at 11555 W. Civic Center Dr., Marana, AZ 85653.

Funds will be used to transport stored Central Arizona Project (CAP) water to reduce groundwater withdrawals and aid aquifer recovery to the Northwest Recharge, Recovery, and Delivery System (NWRDSS), a collaborative effort among the Town of Marana, Oro Valley, and Metro Water. This project encompasses multiple components such as recovery wells, booster stations, transmission mains, and reservoirs, focusing on construction or upgrades at Marana Regional Airport to support Marana's NWRDSS allocation. This initiative addresses decades of native groundwater pumping, promoting sustainable water management and aquifer replenishment in the northern Tucson Basin. This is a valuable use of taxpayer funds because investing in the best management solutions of groundwater in Southern Arizona is a strategic use of taxpayer funds that addresses the immediate and long-term needs of the region. It ensures the sustainability of vital water resources, supports the economy, protects public health and the environment, and enhances the resilience of communities in the face of growing water scarcity challenges.

The project has a federal nexus because the funding provided is for purposes authorized under Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Juan Ciscomani
Member of Congress
